“ I will always remember Adele's smile and her laugh. I was truly blessed to have known and worked with your Mom. She taught me a lot about knitting, and fond memories of our trip to Atlantic City. Oh, and wasn't she proud of her Christmas village set up at the house each year. Rest in peace Adele.

“ MY condolence to Vicky, Monique and Mike, I had the honor and privilege to take care of Adele. One of my favorites I have to say got to know the family too was very sad to see her leave. We loved her. Last time I saw her she was able to know who I was and talked about her wonderful kids that took such good care of her. Love always Lorrie

“ Vicky, Monique, and Mike: our condolences to you and your families. I have many good memories of both your Mom and your Dad. Your Dad's beautiful voice as he sang at my wedding. Your Mom always knitting or crocheting. Her tin of popcorn always by her side. My many invited meals at your house. She was like a mom to me at that time. I loved spending time with your family. You all were a wonderful part of my life. I miss you all and the good times we had. So sorry for your loss! She was a special lady. --Sue

“ It was a very sad day for us as we saw you pass into your next life's journey, however, it was a very pleasant day for dad as the two of you start your new journey together, again, for eternity. Looking at photos that you had taken on the many bus trips you got to enjoy with your friends, family and dad, brought smiles to our faces as we are thankful you had the chance to enjoy, make new friends and got to see different parts of our country where memories are made from, and that dad did not have to drive so getting lost was not an issue. We know that you are now in a better place and that your smiles will rain down on us as we look up to the skies and see the new stars flickering to represent you and dad. Rest in peace and enjoy your future journies together once again.
