“ Teeny and I were dear friends all through elementary and middle school. She was cute, easy going and a lot of fun to be with. We did everything together from playing with paper dolls to ice skating at Pettengill Park. Some of my fondest memories are of being at her home on Holly Street where I spent a lot of time. As I was an only child, it was wonderful being with her and her siblings in a house teeming with activity. Her mother was a dear and I guess having one more kid around didn't really matter, as she was very good to us. There were five of us young girls who hung out together during those years. We all went to our first formal together, STAG, if you can believe it. We even had our own dinner party prior to the dance. It was in the eighth grade and boys asked us to go but we thought that was dumb. Boy, were we naive. She was a thoroughly good woman who was extremely proud of her family, and rightfully so. The last time we talked was in her new home in McFalls about two years ago after our 60th class reunion and we shared a lot of memories from long ago. I'm sorry for your loss and please know that you are in my thoughts and prayers.
