

Corey James Coburn

April 26, 1987 - November 14, 2015

Lisbon-

My beautiful, loving, kind, caring one and only son went to be with his sister Hannah Brooke unexpectedly on Saturday, November 14th, 2015.

My brother Corey always had a smile on his face and would make you smile even when you didn't want to. He loved to laugh and make others laugh. He was funny and charming. His personality was contagious and warming to be around. He loved music of all kinds. He loved to sing like his grandfather and play his guitar with his friends. He loved the outdoors, he always was spirituality connected with nature. Corey would often go hiking with friends and his dog Dreamer by his side. He was very smart and always loved to tinker with his computer. Corey was loving and caring, he had such a big heart that he wore on his sleeve. He would do anything to help another in need. He had a special way with words and was truly wise in so many ways. His outlook on life always stayed positive even when burdens were heavy. He loved to cook and was a perfectionist at everything he did, no two veggies could touch on the same plate. He loved to spend time with his father as they often went out to eat together. Corey made an impression on anyone he came across. He was loved, and loved many. He had the greatest of friends including; Jacques, Rob, Mark and Tim who always stood by him no matter what. He will always be remembered in the best of light. He had many nicknames, such as "Cheif Bear" and "Meatball" depending on who you asked. Corey was a graduate of Lisbon High School Class of 2005 where he was voted "Always happy when it rains"

He is survived by his mother, Heidi- Sue Stuart and his father James Coburn. Step parents John Letourneau, Stephen Stuart and Lynda Goodman. His sister Meghan Stuart, Niece Hannah and Nephew Connor. His maternal grandmother Barbara Caron and paternal grandparents John and Carlene Coburn. He was predeceased by his Sister Hannah Brooke Stuart, his Grandfather Leo Caron and Uncle Conrad Delorme. He leaves behind so many people that loved him; Aunts, Uncles and Cousins he is so close to. Corey I have nothing left inside my Son, I am so broken I don't know how to live without you. Please help me baby.

“ Corey and me only knew each other from working at the lamp together in the short months I really got to hang out with him and see what he did to the people around him he always lit up the room whether it be by playing the piano in the dining room while the nurse brung people down or helping bring the dishes in after supper or just the way he would look at the resident like they were his own family that you could tell he really love I didn't get there chance to know him on a more personal level and now I'll never get the chance to know such a beautiful star of the world I'm so sorry to his family this is something noone wishes on anyone but Corey's probably up there looking down at all these people celebrating his life and how good of a person he was I'll never forget my time with him

“ Corey.

Today will not be an easy one. It doesn't seem real. We had so many fun times growing up as kids. All the holidays and sleep overs. Baking at Nanas house. I rememeber when you had the bad on confectionery sugar and went around the kitchen singing about the bag while you lifted it up and down.

As we got older I know we didn't see each other much but when we would see each other at holidays or birthdays we still would laugh at so many things together like we did as kids like nothing ever changed. You were always so easy going and just fun to be around. I could just look at you and it would make me laugh. I'm gonna miss you Corey. Or we would say Corey James Coburn really fast, (only some people would get that). I don't want to say goodbye today because you are too young to go, it's just way too soon.... ❤️ I love you CJC Love, Sarah.

“ To Corey's family and friends, I am so sorry for your loss.

About a year ago, I was cleaning out some stuff at my home. I came across a little booklet for learning how to play guitar, and there was no way I would toss it, because I remembered that it was Corey who gave it to me during my first year of teaching at Lisbon High School. His presence in my classroom was one of such positive energy, such kindness, and such love. He was a great kid to get to know over the years I worked at LHS. I think we really only come across a few people over our lifetimes who can light up a room like Corey, and I am so lucky to have been able to know him.
