“ Jeffery Sallee I only knew briefly for a short time. However we would often engage in long distance conversations on the phone where Jeff often shared his heroic episodes. Jeff had to deal with police, court judges, army personale where if they stepped over the line Jeff had no problem putting them in their place. A very smart man who wouldn't hesitate to correct his rights even if it came to toe to toe combat,Jeff stood his ground. Very courageous man indeed. I will always miss him as he was kind and thoughtful towards me. May God Bless him forever in the next life.
