“ I first came to know Lorraine when I lived on Albert Street. She was our across the street neighbor. She was a super person and soon hired me to baby sit. Her and Norm were great people to know and I kept in touch with her hrough the years. We would sometimes visit at St. Mary residences. I so admire her energy, her care for people and her down to earth approach to events and circumstances. I will miss her ... and wish to express to the three children I babysat that send my love and prayer for Lorraine and for the three of you! Sister Jacqueline Provencher, Dominican Sister in Sabattus
