“ I know the family doesn't know me, but I knew Nancy and truly enjoyed the times she would come to have her little dogs photographed for her Christmas cards. Nancy was a pleasure to know and she always brought us things to use as props in our photography studio. Our heartfelt condolences to you, her children, grand children and great grandchildren. She was just here before Christmas for her dog's annual portrait and while I knew she had difficulty walking, I had no idea she was so ill. We hope it helps in some small way to know how very much she loved all of you and how highly she always spoke of you. She will always be fondly remembered here and we will miss her visits.
