“ We were so very saddened with the news of Roger's passing. My husband has known him for a very long time. I met him several months ago at the Silver Spur. And we would also see him at Sacred Heart Church on Sunday morning. He missed his wife very dearly, and shared a song request one night that said a lot, "Only You!", but the band didn't know the song. It was clear that he loved music too! Will continue to pray for his soul, and for all his loved ones. Goodbye for now, till we all meet again.

“ To the family, very sorry to hear of your loss. It seems just like yesterday we were playing baseball in your field at the motel or swimming in the pool. How quickly time does past and its a shame we seldom or never see each other any more. Hope you are doing well under the circumstances and I am sure he will be missed greatly. I hope the peace of knowing he is back with his wife of many years will get you through this difficult time.

“ I got the privilege to meet Roger while taking care of Jeannine and he was the kindest man I have ever met, very polite never having a bad word about anyone. When I came by to fill the oxygen we would talk about his kids and grand children a lot., that man loved his wife and family to the end. What amazed me was he would go out into the yard and continuously move the rock walls around the yard like they were nothing. Always there for the neighbors. That's a mans man. He had this Mexican table that I loved and would tease him that's my inheritance and not to break it. Roger I will miss you but now I can smile knowing that you and Jeannine are now together for eternity, To all the kids be proud of your father and know that he loved you all, I hope I can be at least half the man he was
