“ Sam was like a big brother figure to me. I spent a lot of time with the family, being best friends with Megan, in middle school and high school. I'll always remember Sam as kind-hearted and funny. I don't know anyone that has gone after their passion/dream as fiercely and it was inspiring.

Taken too soon but the good memories will never be forgotten.

My heart goes out to his family, whom I love so dearly. Words can't express how sorry I am for your loss.

“ Sam was always such a clown in his younger days but was always there if you needed help. Music really did keep him going and hope he gets to unite with his grandmother Nancy
Miss you and hope you found peace

“ Damn Sam, my eyes are tearing up writing this. I know now you're relieved of all of the pain and hurt you experienced here on earth. You had an enormous heart and were always finding the best in people and were unordinary in every way. I hope you're up there working those decks, making beats, dropping rhymes and entertaining the heavenly souls. When I see you again it's on brother, we're going to throw a massive party to celebrate life! I'll be here for your daughter Gen down here on earth in the meantime and I'll make sure she knows that. RIP Brosef.
